

**Education:**

B.Tech Computer Science	Krishna Institute of Engineering And Technology, Ghaziabad	75.7%	2011 - 2015
CBSE CLASS XII	Birla Girls School, Pilani	84.2%	2010 - 2011
CBSE CLASS X	Nirmala Convent School, Bulandshahr	92.8%	2008 - 2009

**Projects:**

- **College Summer Training Project - Crime file management** June-July 2014  
Web application for Crime file management was built during summer project working with Filix Consultancy Group. Goal of the system was to provide a digital alternative for reporting and managing some workflows related to police stations. Developed capabilities where users could register online and send the crime reports and complaints about a particular city or person.
- **College 4th year Project - College placement system**  
Developed an online application for Training and Placement dept of the college. Some of the capabilities developed were account creation & login for users with different roles like students & admin. Admins can create the company profiles and placement schedule while students can participate in placement and application would track the results, final placement while maintaining the eligibility and business rules specific to the university.
